**Results should be fast or you are working on the wrong thing.**

## **6 ways to know your horse is not happy...**

1. Trouble with the bit
2. Poor Impulsion, no energy
3. Stiff and bracy, not supple
4. Tension, can't relax
5. Flat and on the forehead
6. Needs strong aids

*"It is astonishing how many riders who've been taking lessons for years, sometimes decades find themselves stuck and dealing with the same problems, year after year! Most programs have gaping holes in them, even the one Linda co-created in natural horsemanship. It's time things evolved to a whole new level and I'm excited to bring Linda's latest developments to you."*
